LeetCode

Professional-Summary

Motivated and detail-oriented Information Technology undergraduate at Ajay Kumar Garg Engineering College with strong foundations in programming, data structures, and software development. Proficient in Java, Python, C/C++, Dart, SQL, MySQL, and Firebase, with hands-on experience in building machine learning models including fake news detection and credit card fraud detection using NLP and classification techniques. Skilled in problem-solving, debugging, OOP, DSA, and UI/UX design. Currently serving as Student Coordinator at the Training and Placement Cell, managing placement activities and student data for 500+ students. Passionate about developing efficient software solutions and applying machine learning to solve real-world problems

Education

- **Ajay Kumar Garg Engineering College**, Ghaziabad, UP
Bachelor of Technology in Information Technology Sep 2023 – Jun 2027
- **St. John's School**
Indian School Certificate (Class 12) — 79% Jul 2022
- **St. John's School**
Indian Certificate of Secondary Education (Class 10) — 84% May 2020

Technical

Skills

- **Languages:** Java, Dart, Python, C, C++, HTML, CSS, SQL
- **Frameworks:** Flutter, Android SDK
- **Tools:** Git, GitHub, VS Code
- **Databases:** MySQL, Firebase
- **Core Skills:** UI/UX Design, Debugging, OOP, DSA

Projects

Fake News Detection using NLP - Python, Pandas, NumPy, Scikit-learn GitHub

- Built a text classification model to detect fake news articles.
- Performed text preprocessing including tokenization and vectorization using TF-IDF.
- Implemented machine learning models for binary classification.
- Evaluated model performance using precision, recall, and F1-score.

Credit Card Fraud Detection using Machine Learning — Python, Pandas, NumPy, Scikit-learn

- Developed a fraud detection model using transaction datasets.
- Performed data preprocessing and handled class imbalance issues.
- Implemented classification algorithms to identify fraudulent transactions.
- Evaluated performance using confusion matrix and ROC-AUC score

Experience

Training and Placement Cell, AKGEC — Student Coordinator Dec 2025 – Present

- Coordinated placement drives for 500+ students across IT and CS branches.
- Managed student data using Excel and SQL for tracking applications.
- Organized resume workshops and mock interviews to boost placement readiness.

Certifications-and-Achievements

- Prime Batch ml – APNA COLLEGE
- Data Structures in Java — PW Skills
